Fees:

Depending upon which version is chosen ($0 for Basic), there is a one-time start-up fee of $129 (Plus) or $249 (Pro). The basic processing cost for payment items is 2.99% + 26 cents per item. American Express, Visa, Mastercard and Discover are accepted. How you structure this cost is your decision. You can pass all, some, or none of the costs to parents for any individual item. Adding the total fee onto a $10.00 item puts the total parent cost at $10.56 or if your school were to absorb the cost of this $10 item your net would be $9.44. In addition, there is no fee to **collect zero-cost information** or **non-fee registrations** of any type. Deposits of all transactions are made to your bank account *electronically* on, or before, every Wednesday of the following week. Each refund is assessed by the retail cost plus a $2 fee per transaction. Charges disputed with the bank will incur an additional $20 per transaction. The disputed funds will be removed from the organizations account pending resolution; we will assist you in working with the processor and customer's card issuing bank.
